

Please enjoy a few of the messages that Ruth's Reusable Resources has received from Maine teachers, principals, and students this year:

From Teachers:

This is the teacher version of 'Mardens'! Everyone is helpful and will answer any questions.

What a life-saver! You really help me stretch my budget! Thank you so much!!!

I really appreciate this! It gives me ideas I didn't think I had & of course no charge to me personally.

Keep up the good work. Saves kids in my class a lot of money. Useful to me in my classes.

From Principals:

One teacher has already taken from Ruth's the amount allocated for her entire dept. No Kidding!

Materials are high quality. Variety is awesome. People are helpful & friendly. Computers!

In a "budget freeze" your kids' futures depend on it.

Relevant supplies are always available. Teachers love to come when they can & match their needs to upcoming projects.

High quality, diverse materials for low cost of membership is worth it! Great way to recycle!

Keep up the good work - you are a life line.

From students who received supplies and backpacks through our annual Backpack Project:

How are you? Thank you for the backpack and crayons, markers, colored pencils, ruler, folders, notebook, water bottle and pencils. The markers will come in handy. My dog ate my others. Your friend, Ashton

Thank you, thank you, thank you for the backpacks. And the pencils, pens, book, folder, crayons, colored pencils. Try saying that three times fast. From, John

(Please return below with donation)

I / we would like to make a contribution to the **2009-2010 Annual Fund** ending June 30, 2010 in the amount of

\$_____. If applicable, please receive it ___in honor of ___in memory of

the following individual: _____
